Time Timer® Pocket, Medium en Large

Ships In its Own Container (SIOC) package.

Time Timer® Pocket

Pocket updates:

- Flip cover is now clear so that the time remaining is easier to see while the cover is closed.
- The face has been recessed so that the timer will continue to countdown while the cover is closed.
- Packaging now includes a soft, reusable drawstring bag to carry the timer or to repurpose for another use by the user.
- Requires only one " AA battery". (not included)

Time Timer® Medium en Large

Medium and Large updates:

- A clear plastic lens covers the disk to further improve durability and protect the red disk from accidental tears (and little sticky fingers).
- Magnets will be included on both of these models. The previous magnet & non-magnet versions are consolidated into one model with the redesign.
- Requires two (2) AA batteries (not included).
- Packaging has been upgraded to SIOC (Ships In its Own Container) standard so that these three models will no longer require an over box in order to ship single units.

TIME TIMER_®

Ref.nr. JACS400 Time Timer[®] WASH

Time Timer[®] WASH

Time Timer[®] develops innovative visual timers to make the passage of time visual. We are committed to the safety of children and educators, and are proud to introduce the patented Time Timer WASH. By means of a LCD screen, step-by-step and visually indicated how and for how long to wash your hands, as recommended by the World Health Organisation (WHO).

Features of the Time Timer[®] WASH

- Water resistant
- Works with 3 AA batteries (not included)
- Suction cup included
- Measurements 9,5 x 9,5 x 6 cm
- Optional music and/or sound

TIME TIMER_®

How does the Time Timer[®] WASH work?

The Time Timer[®] WASH has a hands-free IR operation which starts in 3 phases for washing your hands, soaping for 5 seconds, washing hands for 20 seconds and rinsing for 5 seconds. This is also visible by means of the icons on the screen of the Time Timer[®] WASH. The WASH beeps at the beginning and end of each of the three steps and you can choose the option music or sound.

Timer

There is no need to keep track of the time until your hands are clean, it is self-regulating.

Simple

Easy to use for both adults and children of all ages.

Always clean hands

Clean hands has never been like this important, and with the Time Timer WASH you can be assured of clean hands

Suction cup

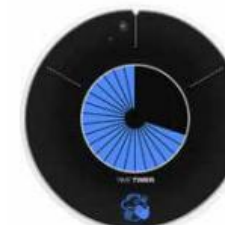

With the supplied suction cup the timer can be attached to the wall, mirror, but also on a tray.

How it works:

**5 Seconds
Get Soap!**

**20 Seconds
Scrub Hands!**

**5 Seconds
Rinse!**

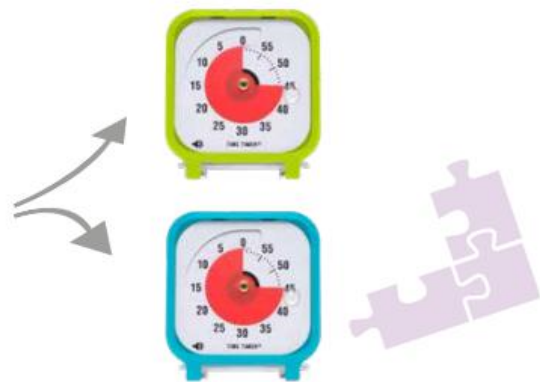

**Special edition
of the Time Timer® Pocket**

The smallest Time Timer (7,5 cm x 7,5 cm) is also available in two colours, lime green and turquoise blue. The Time Timer easily travels to all activities throughout the day. With a clear protective cover that flips over to serve as a stand.

- Includes an optional audible signal when time is up.
- Operates on one (1) AA battery (not included).

Ref.nr. JAC5037 - Time Timer® Pocket, lime green
Ref.nr. JAC5038 - Time Timer® Pocket, turquoise blue

Time Timer® MOD

The Time Timer® MOD. This unique Time Timer has a removable latex-free case protecting the Time Timer® MOD. The well-known red disk is protected under a clear lens. Due to its compact size the Time Timer® MOD is very suitable for traveling and easy to use at school, home and work.

The silent operation and on/off alert makes it perfect for sound-sensitive environments. The centre dial ensures easy setting of the disk. The Time Timer® MOD has a closed battery compartment at the rear.

The Time Timer® MOD comes complete with a charcoal coloured silicone case. Do you prefer a different colour? The original charcoal case can easily be changed into a brightly coloured one. The coloured case is sold separately as an accessory and is available in 3 colours: turquoise blue, lime green and berry.

Requires 1 AA battery (not included).

Ref.nr. JAC5026 - Time Timer MOD® (9 cm x 9 cm) including charcoal case

Ref.nr. JAC5027BE - Case for Time Timer® MOD, berry

Ref.nr. JAC5027BL - Case for Time Timer® MOD, turquoise blue

Ref.nr. JAC5027GR - Case for Time Timer® MOD, lime green

Time Timer® MAX

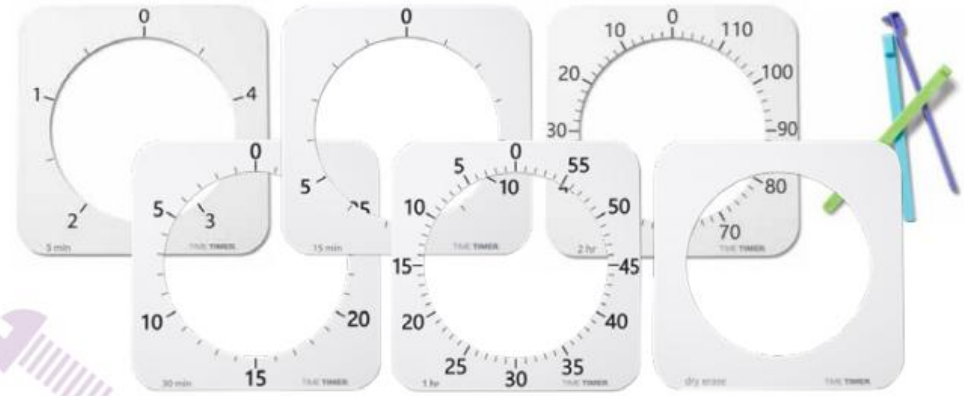

Product details:

The Time Timer® MAX is the ultimate in size and flexibility. It's a whopping 44x 44 cm so it can be seen in larger spaces such as gymnasiums, cafeterias, auditoriums and large meeting rooms. It's also eight timers in one – with customizable durations and changeable timer faces, the MAX can countdown as low as 5 minutes, or as high as 24 hours. Included with the MAX are 3 two-sided timer faces – 5/15 minutes, 30/60 minutes, 120 minutes/Dry Erase Board timer face allowing for maximum flexibility and customization, in addition to "set markers". The three coloured set markers can create time blocks on any face by snapping them into the grooves between the red disk and numbers. The MAX can be used on a flat surface, hung on a wall, whiteboard or map rail. 1 bracket mount is included.

Time Timer® MAX measurements 44 x 44 cm

TIME TIMER®

Ref.nr. JAC5100 – Time Timer® MAX including:

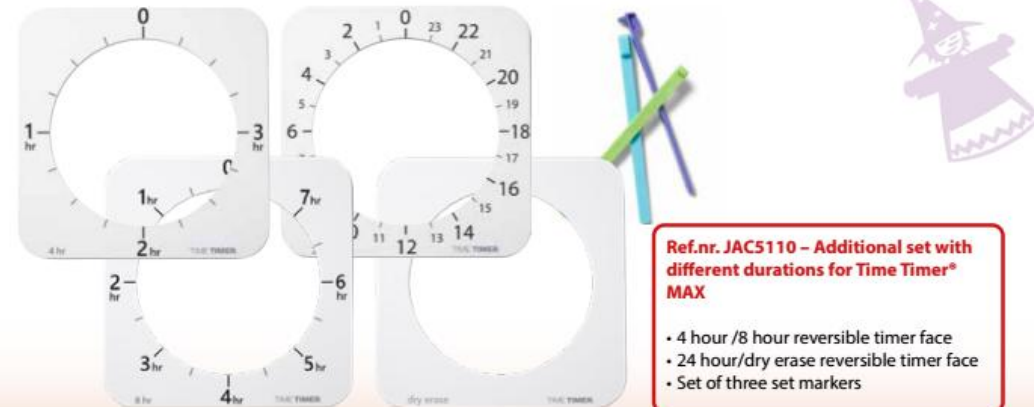

- Three reversible timer faces with these durations: 5 minute/15 minute, 30 minute/1 hour, 2 hour/dry erase
- Three set markers
- One bracket to hang the MAX on the wall

Features:

Each Time Timer MAX® comes with three timer faces that are reversible. The timer faces include the minutes or hours that are helpful to count down these durations; each side of the face features a duration.

The Time Timer has a kickstand that allows it to stand on its own on a table or bookshelf. The kickstand can also be flipped vertically so that it can be hung on a hook instead of the wall bracket. Quiet operation with no loud ticking, optional alert at the end of timing can be on/off low volume/high volume, extra-large size high contrast red disk is easy to see in larger size rooms or gymnasiums.

Includes a timer face that is dry erase to create a custom or visual schedule.

Ref.nr. JAC5110 – Additional set with different durations for Time Timer® MAX

- 4 hour /8 hour reversible timer face
- 24 hour/dry erase reversible timer face
- Set of three set markers

Time Timer® PLUS

large digits

carry handle

patented red disk

adjustable volume (rear)

centre dial for setting the disk

closed battery compartment (rear)

fixed feet

The Time Timer® PLUS protects the red disk under a clear lens. The Time Timer® PLUS has a volume adjustable end signal and closed battery compartment. The centre dial for setting the red disk, its large digits and carry-to-go handle ensures ease of use for all ages. Also available in white.

Ref.nr. JAC5025 - Time Timer® PLUS, black (14x18 cm)

Time Timer® PLUS white

This new Time Timer® PLUS protects the red disk under a clear lens. With a volume adjustable end-signal and closed battery compartment. Now available in white.

Ref.nr. JAC5030 - Time Timer® PLUS white (14x18 cm)

Time Timer® PLUS white - 5 min

The well-known Time Timer® PLUS is now available with 5 minutes timer. Teach the concept of time and learn to visualize time as a measurement.

What does 5 minutes really mean?

Ref.nr. JAC5036 - Time Timer® PLUS 5 min, white (14 x 18 cm)

The Time Timer® PLUS has the following features:

- Time to be set from 0-5 minutes
- Colour disk GREEN
- Clear lens
- Adjustable end signal
- Closed battery compartment
- Centre dial for setting the time
- Silent operation
- Works with one (1) battery (not included)

Time Timer® PLUS white - 20 min

The Time Timer® PLUS has a clear lens as the other Time Timer® PLUS. An adjustable end signal and a closed battery compartment. The centre dial for setting the time, its large digits and carry-to-go handle ensures ease of use. You can teach the younger children to work in time schedules of 20 minutes which is more than enough for young ones. Silent operation, no ticking.

Ref.nr. JAC5033 - Time Timer® PLUS 20 min, white (14 x 18 cm)

The Time Timer® PLUS is now available in three durations. Whether you are doing a 20 minute silent reading, a speed round of team updates of 5 minutes.

Available in 5, 20 and 120 minutes. The colour is different so not to be mixed up with the well-known red disk for the 60 minutes Time Timer.

Time Timer® PLUS white - 120 min

The Time Timer® PLUS has the following features:

- Time to be set from 0 to 120 minutes
- Colour disk PURPLE
- Clear lens
- Adjustable end signal
- Closed battery compartment
- Centre dial for setting the time
- Works on one (1) AA battery (not included)
- Silent operation

Ref.nr. JAC5034 – Time Timer® PLUS 120 min, white (14 x 18 cm)

Now you can be more flexible than before with 2 hours of time to set. Perfect for older children who have tasks that need more time. And sometimes an hour is not enough. Now you can manage a long meeting and the Time Timer will help to make sure you stay on track and on time!

The colour is different and not to be mixed up by the well-known red disk of 60 minutes Time Timer.

The Time Timer® TWIST

The Time Timer® TWIST is the well-known Time Timer red, this Time Timer can be carried around everywhere. And the good thing about it, is the magnetic back. Silent operation no ticking.

Ref.nr. JAC5035 – Time Timer® TWIST 23 mm thick and Ø 85 mm

1a

A unique 90-minute digital Timer that visually shows time counting down. Audible alert, magnetic back. 1-AAA battery (not included). You can easily twist the Time Timer to set it from 0-90 minutes. The visual disk runs back till time is up.

Time Timer® Pictograms Home and School set

These set of pictogram can be used in combination with all the Time Timer models. The pictograms have to be placed in the pictostand. The pictostand can be fixed on top of the Time Timer with adhesive tape or placed in front or next to the Time Timer. Packed in a transparent storage box. Each set contains 12 different pictograms and 2 pictostands.

Pictograms are most effective when used with the Time Timer. The Pictograms are an aid for children and adults, with or without an intellectual disability, who need more guidance with every day activities. The pictogram will help them to remember and carry out the task at hand. Those who use the pictograms must be able to make a link between the activity shown on the pictogram and what they must do themselves

Ref.nr. JAC5050 - School set
Ref.nr. JAC5051 - Home set

**Introducing the Time Timer® PLUS
120 Minute Make Time Special Edition**

Jake Knapp and John Zeratsky wrote Make Time to share how they create time for what matters most. They discuss methods and ideas that encourage us to rethink the defaults of constant busyness and distraction. That's why the 120 Minute PLUS is the perfect companion for this book, and it comes with a notepad to help you put their principles into practice

Ref.nr. JAC5040 - Time Timer® PLUS 120 Minutes Make Time Special Edition

"Quite simply, we love the Time Timer. If you use the Time Timer when you're getting into laser mode, you'll feel an instant, visceral sense of urgency, in a totally good way." - Jake Knapp & John Zeratsky

**Time Timer® MOD –
Sprint Special Edition**

As featured in Sprint, by Jake Knapp, the Time Timer® MOD Sprint Edition is a 60-minute visual timer that comes with a handy Quick Start Guide highlighting the key principles of a "design sprint" framework as developed by Google teams across the industry. As Google Ventures explains, "Design sprints are a framework for teams of any size to solve and test design problems in 2-5 days".

Speech and language hand puppets

Movable hands with Velcro

Our large Speech and Language Hand Puppets are very suitable for use in playgroups, nurseries, schools and special needs. The children will become friends with the Hand Puppets very quickly.

Hand Puppets may play a role in group discussions, but can also participate to start and end the day or help with the introduction of (new) activities. They are suitable for class activity and individual use.

A Hand Puppet is a playful learning aid. The Hand Puppet can help to encourage conversational and language skills. It can help children to explore their emotions and develop their abilities to respond to challenges. A Hand Puppet can aid children in their development of wider social relations including their abilities to build friendships and share emotions and experiences. It can be used to express their feelings as a child is more likely to talk to a Puppet than to an adult.

Our Hand Puppets are available in girl and boy puppets and fantasy figures. They have a movable mouth and tongue, arms and hands. Using your own hands to move the mouth, tongue and hands the Hand Puppet comes to life. The possibilities are endless.

All our Hand Puppets are hand made.

Hand-wash only, maximum 30 degrees

Do NOT use a wash dryer

Hand Puppets Max & Millie

Best friends Max and Millie are well known characters in Dutch classrooms presented through the books of Publisher Kwintessens. Place your hands in their arms and let these big Hand Puppets come to life during story telling time or addressing a social situation. The Hand Puppets are perfect for promoting group discussions and encouraging positive interaction.

Ref.nr. B146/85 - Hand Puppet Max
Ref.nr. B147/85 - Hand Puppet Millie

Booklet Max and Millie and their social skills

This interesting book and card set will enhance the social skills lessons in the classroom. Max and Millie are playing the leading part in this booklet.

Eight categories of behaviour are covered. Each chapter includes a short story involving Max and Millie to illustrate the behaviour targeted, puppet dialogue to engage the children, illustrations for colouring and different exercises to further discussion.

Twelve full colour cards are also included to help children explore feelings and emotions associated with social situations.

Ideal for use with Hand Puppet Max and Hand Puppet Millie.

The set of twelve full colour emotion cards is also sold separately.

Ref.nr. K6513E - Booklet Max and Millie and their social skills + cards
Ref.nr. K6500 - Max and Millie emotion cards set of 12 full colour cards without text (separate available)

Glove and finger puppets

Animal set

A lovely set of glove puppets. Suitable for class activity and individual use. Stimulates children's imagination. Packed per set (4 puppets) in a sturdy bag. Size approx. 28 cm.

Ref.nr. HP3000 - Glove Puppet set Hare, Duck, Cow, Pig

Finger Puppets

Two nice animal sets of finger puppets with Velcro. Ideal for story telling and language stimulation. Each puppet can be placed on a finger top.

These sets can also be used with each of our Hand Puppets. Due to the Velcro the finger puppets can be easily attached onto the hands of the Hand Puppet.

LittleStorm

Four important conversation games for young children to develop their emotions, sensory impressions, actions and reactions. To encourage the child to talk about their own experience and surroundings.

LittleStorm at home

LittleStorm is in the kitchen, taking a shower in the bathroom, building in the workshop, relaxing in the living room, eating and getting ready for bed.

LittleStorm out in the world

LittleStorm goes to the doctor, to the town, to the harbour, to the woods, to the playground and to the park.

LittleStorm in all kinds of weather

Go outside with LittleStorm when it is rainy, snowy, windy, cloudy and sunny, and stay inside in thundery weather.

LittleStorm says hello and goodbye

Help LittleStorm say hello and goodbye in the kindergarten, when it's time to move, to the day and to the life itself.

Each game contains six boards. Each board is subdivided into fields. Each player has to find three (3) cards. There are cards about the theme, while the fourth card is about the goal of the game, in which LittleStorm takes part.

Content each game:
24 playing cards
6 playing boards
Game rules

Ref.nr. 10008 - LittleStorm 4 games in one wooden box

Concrete Thinking:

Children aged 2-6 years find it difficult to understand abstract concepts, including time, death and divorce. At this age, they have no firm perception of time. This means that when a 2-6-year-old says goodbye, he/she does not know how much time will pass until there is a reunion. The child will also find it difficult to understand that something is permanent. In addition, the child is not yet able to distinguish between the real and the imagined. If exposed to a situation he/she does not understand, the child will tend to create his/her own explanation.

The LittleStorm games addresses three facts: that 2-6 years olds see the world as fragments, that they need repetition and that their sense of time is still in its infancy.

LittleStorm himself is an inquisitive little character. He is original and acts as a type of mirror, in which children can see themselves.

for young children of 2,5 years and up

Table of multiplication

Multiplication Table

With this multiplication table children can easily learn and understand multiplication. Simply place the yellow horizontal and vertical strips on the board and find the correct answer. The table and the yellow strips are prepared with Velcro and made of high quality plastic.

Aim of the game:

To learn multiplications in an easy and logical manner.

Recommended age:

6 years and older.

Multiplication Table

1	2	3	4	5	6	7	8	9	10
2	4	6	8	10	12	14	16	18	20
3	6	9	12	15	18	21	24	27	30
4	8	12	16	20	24	28	32	36	40
5	10	15	20	25	30	35	40	45	50
6	12	18	24	30	36	42	48	54	60
7	14	21	28	35	42	49	56	63	70
8	16	24	32	40	48	56	64	72	80

Weather Calendar

Can you name the 4 different seasons? The day of the week, month, etc.?
What will the weather be like today, what kind of clothes do we have to wear?

With our brightly coloured Weather Calendar you can teach even the youngest children the different seasons and weather types. Older children will be able to make their own weather forecast.

With a wipe off pencil you can write the day and date on the calendar and also mark the temperature. The weather cards can be attached to the calendar with Velcro. The boy and girl each have 4 different sets of clothes, one for each season.

Aim of the game:

Make children aware of the different seasons and weather types and expand their vocabulary.

Recommended age:

4 years and older.

Set contains:

Weather Calendar
Velcro
1 wipe-off marker
4 sets of clothes
3 types of rainfall
4 cards of the wind
5 cards of the sky
4 temperature cards
all packed in a sturdy polybag

Dimensions: 69 x 49,5 cm

The Biofilter for the WhisperPhone Duet and Select.

This inline bacterial viral filter is designed to minimize the spread of germs with a minimum loss of air flow; allowing students to still hear each other. Each unit is sonically sealed so there are no chemical adhesives or unwanted material residue. This Inline filter is easy to install and does not require any tools for assembly. BioFilter snaps together with the tubing and the Orange or Blue phones found in our WhisperPhone DUET and SELECT systems.

Ref.nr. 90015 Biofilter

WHISPERPHONE SELECT

Select takes accompanying reading to a whole new level.

Students from kindergarten to group 4 use Select during accompanying reading with a teacher.

With the dial, the teacher can create a communication channel to track and work with each student 1-to-1 while other students stay focused on reading.

In addition, with only the turn of the WhisperPhone Select's dial can be used to create 3 sets of 2 for partner reading activities.

Ref.nr. 90013 - WhisiperPhone® Select

WhisperPhone Select not only helps every one to learn to stay focused, but also encourages the use of a softer voice that accompanying reading.

WhisperPhone Select, the ultimate accompanying reading tool. Children love it, because learning to read becomes even more fun!

This WhisperPhone® has a lightweight headset for hands-free operation. Can be worn left and right by adjusting the headset.

Ref.nr. 90003 - WhisperPhone® Solo junior model
Ref.nr. 90004 - WhisperPhone® Solo senior model

Make learning fun!
This innovative and easy-to-wear linguistic tool offers teachers a quieter classroom through voice amplification. Use of WhisperPhone® promotes accelerated learning and higher performance results.

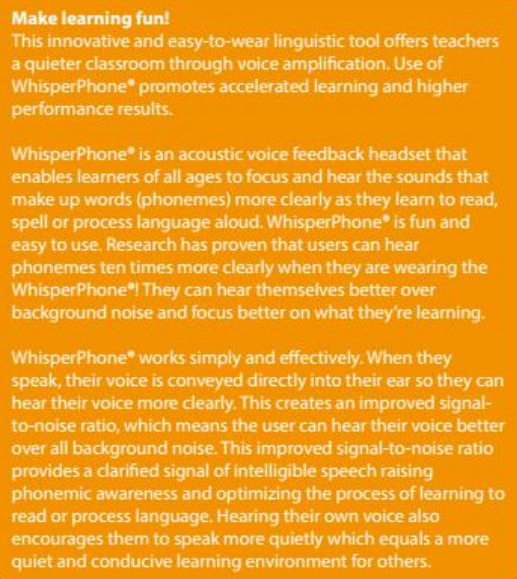

WhisperPhone® is an acoustic voice feedback headset that enables learners of all ages to focus and hear the sounds that make up words (phonemes) more clearly as they learn to read, spell or process language aloud. WhisperPhone® is fun and easy to use. Research has proven that users can hear phonemes ten times more clearly when they are wearing the WhisperPhone®! They can hear themselves better over background noise and focus better on what they're learning.

WhisperPhone® works simply and effectively. When they speak, their voice is conveyed directly into their ear so they can hear their voice more clearly. This creates an improved signal-to-noise ratio, which means the user can hear their voice better over all background noise. This improved signal-to-noise ratio provides a clarified signal of intelligible speech raising phonemic awareness and optimizing the process of learning to read or process language. Hearing their own voice also encourages them to speak more quietly which equals a more quiet and conducive learning environment for others.

WhisperPhone® Element

This handheld WhisperPhone® is ideal for helping learners develop their reading and spelling abilities and for developing new language skills. Perfect for the tactilely sensitive who prefer to hold their WhisperPhone® vs. wearing our Solo headset.

Ref.nr. 90010 - WhisperPhone® Element junior model
Ref.nr. 90011 - WhisperPhone® Element senior model

WhisperPhone® Duet

WhisperPhone® Duet is an acoustical telephone that enhances student-to-student and teacher-to-student reading activities. Duet keeps classrooms quieter by creating an acoustically-clear connection between two readers. Duet also helps develop reading skills and encourages expressive reading. The junior model of the WhisperPhone Element is available in a multicolour set, which is even more fun to work with! The Variety Pack contains 12 WhisperPhone Elements in 6 different colour combinations. There are 2 WhisperPhone Elements of each colour in the set.

The coloured WhisperPhone Element is also handheld and perfect for early learners and the tactilely sensitive who prefer to hold the WhisperPhone themselves.

Suitable for children up to 12 years. Works without batteries. Dishwasher proof.

Ref.nr. 90014 - WhisperPhone® Element Variety Pack (12 in one set)

1a

WhisperPhone® Select

WhisperPhone® Select is designed to help manage guided reading. This team-based, direct-to-ear product helps students hear themselves very clearly while reading and allows the teacher to monitor reading performance and assist with word decoding one student at a time.

Turn the dial to provide easy and discrete communication between teacher and student. WhisperPhone® Select also provides a setting that creates three teams of two students for paired reading. For those paired reading times where you would prefer to have students pair up and find a space in the classroom, the components of WhisperPhone® Select allow for easy reconfiguration of up to three "portable paired reading tools" to be used anywhere.

WhisperPhone® Select contains 7 expandable tubes, 7 phone handsets, 1 centre Selector and instructions. Components can be configured for Guided Reading, Paired Reading at the reading table, or Paired Reading in up to three locations.
